Public Partnership & Outreach

PPO provides services to enhance the relationships, outreach, and scholarly engagement of faculty, departments, and colleges, as well as the Division of Academic Affairs.

Services We Provide

Our experienced staff facilitates collaborative outreach to the public and various constituent communities with the goal of strengthening Texas A&M University’s service to the citizens of Texas. Our goal is to provide advice and support for the design and assessment of outreach programs, protocol, communication, event management, and partnership services.

- We serve as an access portal through which faculty, departments, and colleges as well as external constituent groups can easily identify and connect with partnering opportunities.
- We promote and communicate a broader knowledge of and advocacy for the mission of Texas A&M University as well as the impact of the work of our faculty.
- We support the efforts of faculty and departments in designing, assessing, and evaluating outreach, service, and scholarly engagement.
- We facilitate targeted programming in conjunction with faculty, staff, and administrators that builds campus collaboration and a community interface through cultural awareness, PK-16 outreach, and continuing education.
- We provide high-quality event, communication, and special project coordination for the Office of the Provost and the Division of Academic Affairs.

Become a Partner

Our engagement efforts are focused upon community needs-based, high-impact, and self-sustaining activities. Potential partners include:

- Organizations and entities that expedite the transfer of TAMU’s intellectual property to private sector commercialization of products and services that benefit society.
- Pre-K - 14 education and constituencies
- Non-degree learners and students
- Industry, government, and nonprofit organizations.
